

Mini Crawlers

Used Mini Crawler Oakland - We have designed several programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the experienced operator who requires re-certification or certification, and for inexperienced operator who is looking for a job in the business. Positions for crane operators are high because of their high pay. Crane operators are among the highest paid of any operator of heavy machinery. Our Crane Operator training provides instruction for a variety of mobile cranes. Course subject consists of Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging. The program is best for crane riggers, operators as well as their supervisors. The materials incorporated in the course will comprise a manual and several useful handouts. The illustrated safety manual features 100 to 250 pages, depending on the course, of helpful and essential material. Course materials comprise load charts and load chart exercises for the crane with which the person training is working. Hands-On Safety Training would take up over half of the course curriculum. The practical training part is the most effective method to developing and improving personal skill levels. Only experienced journeyman crane instructors are chosen to teach the courses. Our instructors have many years of business experience. For all the course we provide, we could include optional testing mechanisms to customize your training. A test for skills is usually administered for programs which include H.O.S.T. People training will be tested and graded. Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Training and Certification; Testing & Certification; and In-The-Seat Training. As the new business requirements emerge, the business standards of practice likewise evolve. The industry sees constant updates to legislation and regulations, in addition to equipment and technology enhancements. Industry data collection and analysis identify changing trends. Members maintain the privilege of managing their certifications and training programs. Mobile device alerts keep members ahead of personal and workplace safety news.
